SPUMANTE

Aromatic Sparkling Wine

Moscato Spumante Bianco Piemonte is born from the long-standing winemaking tradition of the Piedmont hills, an area particularly suited to the cultivation of White Muscat (Moscato Bianco).

Fragrant, elegant and pleasantly aromatic, it beautifully expresses the character and identity of Piedmont.

Its history is deeply rooted in the cultivation of White Muscat throughout the hills of Langhe, Monferrato and Roero, where the unique combination of climate and soils contribute to development of grapes with intense, distinctive aromas.

The tradition of sparkling wine production further enhances the grape's natural characteristics, resulting in a fresh, smooth aromatic wine, perfect for enjoying and sharing on social occasions.
