# Chianti Riserva DOCG

(T. S. Eliot)

## Chianti Riserva DOCG

"Clanis" seems to have been the Etruscan name of a stream, originating near Montegrossi in Gaiole. The name Clante seems always to be associated with water. Clante was also the name of important Etruscan family from the area that appears in numerous inscriptions. Whether the family took its name from the territory or vice versa cannot be determined at present, but it is fairly certain that the name "Chianti" is derived from "Clante".

The oldest documentary record so far known of the name "Chianti" is a 12 C copy of a deed of donation dated 790. The Chianti region as a whole, including all sub-zones and Chianti Classico, stretches 160 kms from north to south. Located primarily between Florence and Siena, Chianti is truly located in the heart of Tuscany. The altitude varies between 150 meters and stretching as high as 600 meters. Higher elevations tend to result in wines with crisper acidity and a finer quality.

### TERRE DI BO CHIANTI RISERVA

Is produced in Montalbano area by a wine producer devoted to wine cultivation for 3 generations.

Today the name "Chianti" is a guarantee of noble wine, produced according to strict laws protecting the traditional quality and its sensory characteristics.

Chianti RISERVA must be aged for at least two year, and at least three months in bottle to be named Riserva.

REGION:  
Tuscany  
Montalbano,  
Italy
